

April 11, 2024

JEROME GUTIERREZ

*Lead, Security Operations (SOC)
Nexus Technologies*

Greetings in the name of St. Thomas Aquinas!

As part of our requirements for our course in Emerging Technologies, we will be holding a seminar entitled **The White Hat Way: Path to a Cybersecure Online World** on **May 04, 2024**. The event aims to raise awareness and provide insights on Ethical Hacking. It also aims to promote community engagement among students, especially CICS students, who may be interested in Ethical Hacking or even those who already practice it in their education or profession.

In this regard, I would like invite you to serve as **one of our speakers** for the said event? The said event will be held on **May 04, 2024**, from **7:00 AM - 12:00 PM** at the **17th floor of UST Blessed Giorgio Frassati Building at Room 1704**.

We believe that your expertise and experience will help make this event a success. We look forward to your participation and are grateful for your support.

Should there be any questions or concerns, do not hesitate to contact me through this email address: carlosgabriel.diaz.cics@ust.edu.ph.

We are hoping for your kind and favorable response regarding this matter.

Yours in Thomasian Leadership,

CARLOS GABRIEL M. DIAZ
